

**Health
First**

Start your career in health care today

We'll cover your tuition — you get a head start on your future

As the demand for medical services continues to grow, health care is one of the most rapidly growing career fields. We are looking for exceptional people to join our team and invite you to start your career as a **Medical Assistant (MA)** with Health First.

What does an MA do?

MAs work alongside physicians, nurses and other office staff, mainly in medical offices and clinics. As an MA, you will be:

- Measuring patients' height, weight and blood pressure
- Preparing patients for their exams
- Updating medical records
- Scheduling appointments

How can Health First help me become an MA?

If you have earned a high school diploma or GED, pass a background check and are admitted to Eastern Florida State College's (EFSC) MA program, Health First will:

- Hire you to work as a per diem associate while you are in school
 - "Per diem" means you would work as needed in a variety of shifts and locations and your hours would be flexible

- You may choose from a variety of per diem roles, depending on your experience and availability
- You must work at least 12 hours a month
- Your experience will give you a head start when you're ready to begin working as an MA
- Provide you up to \$5,000 in financial assistance for your tuition
 - You pay for your books, lab fees and uniforms
 - You must complete the program within 12 months
 - You must agree to continue working at Health First (in any position) for 36 months after graduation

How do I become an MA?

Apply online at [HF.org/career](https://www.healthfirst.org/career) to job number **036313**. This program begins in August with the Fall semester, so we recommend applying for employment with Health First by **Wednesday, June 13**. You can choose to take classes at the EFSC Palm Bay or Cocoa campus.

**Are you passionate about helping others?
Does the idea of a career in health care
sound interesting, but you're not sure
how to get started?**
